Item 1: ID

The following ID documents can be used to verify your identity online. Each ID document is worth a certain number of points. You need to have enough documents to reach 100 points.

- Australian Passport 50 Pts
- Australian Drivers Licence 50 Pts
- Medicare Card 20 Pts
- Australian Birth Certificate 50 Pts

If you only have 60-90 points of the above ID, you can still register. However, you will need to attend your school for a further check later.
Item 2: ID HELP
If you are having trouble verifying a birth certificate or marriage certificate, the following tips might help:

1. You must be referring to a full birth certificate, not an extract.
2. Make sure you enter your name as it appears on the birth or marriage certificate, even if your name has changed.
3. Click on the question mark next to the field you are having trouble with to see an example document.
4. Please see our help guide if you are still having trouble: http://qparents.qld.edu.au/#/help

You are taken to the QParents login page. Log in using your email address and the password you chose in step 6.

6 You should now create your account. Make sure you use the 'Create an Account' form on the left of the screen.
1. Enter the email address you want to use with QParents. It should be one you check regularly.
2. Enter a password of your own choice that you will remember. It must be at least eight characters long.
3. Enter your password again.
4. Enter your mobile phone number.

7 An email is sent to the email address you entered in Step 6. Click on the link in this email to verify your email address and activate your account.

8 You now need to add your students. Enter the EQID (see item 3), school year, and school name, then click 'submit'. If you have been nominated as the QParents account owner for another child, click 'Add another student' and repeat this process. Once you have added all your students, your registration and account set-up is complete.

9 A final check is conducted at your child's school. You will be notified by email when this check is complete and you will then have access to all of the features in QParents.

Enjoy!
