Thursday, 9 February 2017

Dear Parents/ Caregivers,

‘THE BUG LADY’ SCIENCE WORKSHOP 2017

As part of the Term 1 Prep Science Program on Our Living World, ‘The Bug Lady’ will present an interactive workshop about insects, insect senses and needs, camouflage and habitat. ‘The Bug Lady’ is an entomologist.

The workshop is informative and fun, offering hands-on learning opportunities for young students to imagine what it would be like to see, smell, taste and sense their environment as insects do. Imagine tasting with your feet, having ears on your knees and breathing through stomach holes! Information will be delivered via the electronic whiteboard along with static and live insect displays. Live insects are used to illustrate ideas and make the learning a real scientific experience.

The cost of the workshop is $8.50 per child, which includes an information pack, a magnifying glass and a live meal worm. ‘The Bug Lady’ will be visiting Prep 1 and Prep 5 on Monday, 6th March and Prep 2, Prep 3 & Prep 4 on Wednesday, 8th March

Payment for your child to attend this workshop is due by Tuesday, 21st February. Please return the permission slip below and ensure your envelope is clearly marked with your child’s name and Prep class number. Envelopes should be placed in the brown collection box inside the door of the Prep 1 foyer on Tuesdays or Thursdays, which are the school’s banking days.

Payment can be made by:

- Cash - permission slip and payment in an sealed envelope placed in the collection box
- QParents – payment via invoice on QParents and permission slip returned to class teacher.

If you have any queries about the workshops, please speak with your class teacher.

Melissa Dickson-Ford
Deputy Principal
