Dear Parents

Year 5 Osprey House Excursion

On Tuesday 21st March our students will be given the opportunity to participate in fun-filled activities at Osprey House Environmental Centre. This Workshop will further develop their understanding of the wetlands environment and help reinforce what they have been learning in class in Science and Geography.

This is a small selection of the items the children will experience. They will use binoculars and telescopes to identify birds and other animals living in the wetland environment, identify a number of endangered or under threat species that live in the local area, discover the importance of native plants and have the opportunity for close up encounters with wildlife through the Gecko Wildlife Presentation.

During the activities the students will be supervised by the Education Officer Moreton Bay Regional Council or an Environmental Centre Volunteer and the year five teachers. Students will be transported by bus to the venue. The bus departs at 8.55 and will return at 2.30 pm. The cost for this workshop will be $11.00 per child.

All students are required to bring their school hat, morning tea and lunch packed separately in named paper bags (no plastic wrap or lunch boxes allowed), a full water bottle, roll on insect repellent, sunscreen and a raincoat. They will also take their clipboard and pencils from their school desks to complete the Osprey House worksheets and activities. Please fill out the following permission slip if you would like your child to participate and return the slip with the correct money ($11.00) in an envelope marked with your child’s name and class before Tuesday 13th March so we can finalise bus and group numbers.

Payment can be made by:
• Cash – permission slip and payment in a sealed envelope placed in the collection box at the office.
• QParents – payment via invoice on QParents and permission slip returned to class teacher.

Yours sincerely
